### **DAY 04 VALLETTA - GOZO - VALLETTA**

(Breakfast/Dinner)

Drive to the north of Malta for a twenty minute ferry crossing to Gozo. Smaller, greener and more rural, Malta's sister island is a haven of tranquility. Visit all the popular natural landmarks, such as the Inland Sea and Azure Window at Dwejra.

Explore the imposing Citadel in Victoria and the world's oldest stone temples, predating Stonehenge and the Great Pyramids by hundreds of years. Today, you will also have the chance to board a traditional Maltese boat to the famous Blue Grotto, where you'll see these beautiful sea caverns off the southern coast at your own expense.

### **DAY 05 VALLETTA - CATANIA - AGRIGENTO**

(Breakfast/Dinner)

After breakfast, we shall be transfer to the airport for flight to Catania where we begin our Sicily adventures. Upon arrival to Catania, travel along the coast to Agrigento. Agrigento is a hilltop city on Sicily's southwest shore.

### **DAY 06 AGRIGENTO - PALERMO**

(Breakfast/Dinner)

Start our sightseeing in Agrigento. Known for the ruins of the ancient city of Akragas in the Valley of the Temples, a vast archaeological site with well-preserved Greek temples.

Today with your guide enjoy a tour of the Valley of the Temples, learning about the region's Greek civilisation. Starting from the top of the complex, work your way down through the valley, stopping at each of the different temples in turn and learn about their unique histories. Thereafter, continue our journey to Palermo.

### **DAY 07 PALERMO**

(Breakfast/Dinner)

Pass through the Baroque Quattro Canti and admire the beauties of the Fountain of Shame. In Monreale, visit the finely-decorated cathedral and see its magnificent gold mosaics, a masterpiece of Arab-Norman art.

### **DAY 08 PALERMO - Flight to ROME**

#### DAY 07 PALERMO - MESSINA

(Breakfast/Dinner)

After breakfast, we shall bid farewell to Palermo as we continue to drive to Messina. The highlight of Messina is its 12th-century Duomo, clock tower and the piazza where they are both found. The cathedral was partially destroyed in World War II but has been restored and is lovely and the piazza is sometimes compared to Piazza San Marco in Venice. The rebuilt clock tower houses a unique mechanical clock installed in 1933 which has pictures and figures of animals and other storytelling devices that mark the hours of the day. There is movement every quarter hour but noon is when the astronomical clock

really performs with all kinds of figures and symbols moving and the bells chiming at the same time—a true showstopper!

#### DAY 08 MESSINA - ALBEROBELLO

Today, transfer to Alberobello. Alberobello is a UNESCO World Heritage site - its narrow streets crowded with conical, white-washed trulli, clustered together like mushrooms, constructed entirely without mortar. This region is a paradise for wine-lovers so join an expert vintner with a tasting of Puglia's most robust and structured reds wines - as rich and complex as anything you'll find in Tuscany!
