DAY 03 IRKUTSK - TALTSY - LISTVYANKA

(Breakfast / Lunch Panoramic Restaurant by Lake Baikal / Dinner)

Head to the Taltsy Wooden Architecture Open-Air Museum, which houses over 40 wooden architectural monuments, illustrating the daily life and cultural characteristics of the people who lived along the shores of Lake Baikal from the 17th to the 20th century. The authentic peasant homesteads here are made entirely of wood, featuring spacious courtyards and barns. A special activity is arranged here — a visit to a Russian wooden handicraft workshop, where you can paint traditional wooden crafts and take your creation home as a keepsake. Thereafter, continue to Listvyanka. Upon arrival, visit the Baikal Museum, where you'll gain an up-close understanding of the mysteries of Lake Baikal, its unique underwater life, and mineral resources. Using a virtual deep-sea exploration simulator, you'll take a virtual "dive" into the depths of Lake Baikal. Lake Baikal is not only the deepest and largest freshwater lake by volume in the world, but also one of the clearest, with a history dating back 25 million years. In 1996, it was designated as a UNESCO World Natural Heritage Site. Next, take a cable car up to Chersky Peak, a superb vantage point that offers breathtaking panoramic views of Lake Baikal.

DAY 04 LISTVYANKA

(Breakfast / Russian BBQ Lunch / Dinner)

After breakfast, enjoy a special **hovercraft ride** (included) across the frozen Lake Baikal, following the scenic Circum-Baikal Railway route. Along the way, take in the stunning winter landscapes—snow-covered mountains, icy lake views, and beautiful forest-lined railways. Return to Listvyanka village for an exciting day of winter activities. Hop on a **snowmobile (included)** and weave your way through the winter woods for a more adrenaline-filled experience.

DAY 05 LISTVYANKA - BURYAT VILLAGE - OLKHON ISLAND

(Breakfast / Buryat-style Lunch / Dinner)

Drive to Olkhon Island, the largest island in Lake Baikal. On the way, visit a Buryat village for a traditional cultural experience. The local people follow the mysterious Shamanism, believing that shamans have the powers to control the weather, predict the future, interpret dreams, and practice astrology.

The Barguzin River region and Eastern Siberia are among the strongest centers of Shamanic faith. Here, you'll have the opportunity to experience the warm hospitality and traditional food of the locals, and participate in a Shamanic ritual to receive blessings from a shaman. Upon arrival at Olkhon Island, enjoy a special performance of Buryat throat singing (Khoomei). This unique vocal technique produces a fundamental low drone from the throat while using special breathing methods to create high-pitched whistle-like overtones. It is one of the most distinctive singing styles of the Mongolian peoples. Olkhon Island is the largest of the 22 islands in Lake Baikal, about 71 kilometers long and 15 kilometers wide. The island is home to the Buryat ethnic group and has long been a spiritual center for Northern Shamanism, deeply revering nature, animals, plants, and life. This has profoundly influenced local folklore and culture.

DAY 06 OLKHON ISLAND - CAPE KHOBOY Ice Formations, Ice Mounds, Ice Caves

(Breakfast / Lunch: Picnic (Freshly Cooked Fish Soup) / Dinner)

After breakfast, take an **off-road vehicle (included)** to the northernmost point of Olkhon Island — Cape Khoboy. Along the way, pass by scenic spots such as Kharants, Crocodile Island, Face Rock, and the Three Brothers Rocks. At Cape Khoboy, explore the spectacular **blue ice phenomena** including **ice stalactites, ice mounds, and ice caves**. Experience the thrill of riding the off-road vehicle across the vast, seemingly endless frozen lake surface! After a picnic lunch featuring freshly cooked fish soup, continue to admire the stunning **blue ice formations, ice piles, and cracks** on the lake surface. Enjoy ice activities such as ice skating and playing ice hockey, and receive a postcard featuring a Russian postage stamp as a special souvenir of your adventure.

DAY 07 OLKHON ISLAND - IRKUTSK

Southern Route: Small Sea

(Breakfast / Lunch: Picnic (Freshly Cooked Fish Soup) / Dinner)

After breakfast, drive to Small Sea. Along the way, explore stunning ice waterfalls, icicles, mirror-like ice surfaces, and raised ice formations that sparkle with crystal clarity. Under the sunlight, the scenery is breathtakingly beautiful and magical. You'll also see the intricate network of cracks on the ice surface, creating an extraordinary visual spectacle. After lunch, continue to explore the blue ice, with a chance to witness the famous bubble ice formations. Then, return to Irkutsk.

DAY 08 IRKUTSK

(Breakfast / Uzbek Lunch / Dinner)

After breakfast, visit the city's historic sites with over 300 years of history: the renowned Orthodox Church, the Polish Cathedral, the City Hall, the World War II Victory Memorial Square, and the Decembrists' Cultural Park. Here, you'll experience the unique cultural heritage of Eastern Siberia. Visit the Decembrists' House Museum and enjoy a classical chamber music concert.
